

Call For Abstracts

AL/MS Section – AWWA Annual Conference
Renaissance Riverview Plaza Hotel
Mobile, AL
October 14-16, 2012

Dare to Care...for Water, for People, for Education

The AL/MS Section of the American Water Works Association is preparing the 2012 Annual Conference technical program. Interested participants should submit an abstract for either presentation or poster. Space is limited for this year's poster program, with a maximum of ten participants. ***The first five accepted poster program abstracts, by a young professional (under 35 years old) or student, will include a free conference registration.*** In addition, each poster by a young professional or student will be entered into the poster competition with the first place winner receiving a chance for a free registration to the 2013 AWWA Annual Conference and Exposition in Denver, CO.

Abstracts should include the title, a detailed abstract, authors' names, and short bio including status as a young professional or student for the primary contact. Categories for the technical program include:

- Regulatory Compliance,
- Finance and Administration,
- Customer Service,
- Water Resources,
- Water System Security,
- Water System Construction,
- Operations/Management,
- Surface Water,
- Groundwater,
- Distribution System,
- Research from Universities, and
- Emerging/New Technologies.

Selection Criteria

- Originality
- Content
- Relevance to industry
- Audience range
- Innovation
- Case Studies
